

Payment plans announced by Hospital Administrator

The Putnam County Hospital announced today that all obstetric cases admitted to that hospital after February 1 who are not covered by insurance benefits will be required to make a \$150 deposit prior to admission.

The hospital administrator, Frank C. Baker, explained that this new deposit plan will allow the expectant family to

make payments before the mother is admitted for delivery. Experience has shown that after the mother and new infant leave the hospital, the family undergoes some financial adjustments. As a result, some of these families have had extreme difficulties in paying their hospital bills.

Frequently, expectant parents have been unaware of the size of the hospital bill to expect for the birth of their child. Mr. Baker pointed out that the average obstetric hospital bill, exclusive of the doctors' fees, ranges between \$175 and \$250. While each case varies depending on the patient's needs, the prospective patient may use these figures for their financial planning.

Mr. Baker added that the hospital must break even in its operation and should provide its patients every opportunity to pay their hospital bills as painlessly as possible. This plan will be mutually beneficial to both the patient and the hospital.

Expectant mothers and their husbands should visit the hospital business office to arrange for their pre-payment plan as soon as possible. Early arrangement will allow the deposit to be completed with as little financial inconvenience as possible.

United Fund session here January 23

A meeting for all members of the United Fund of Putnam County, Incorporated, will be held at 7:30 p.m. on January 23 at the Public Service Building, 12 South Jackson Street, city.

The meeting, according to Mary Evelyn Goodhue, secretary, has been called for two purposes:

1. To amend the Articles of Incorporation to provide for a minimum of 30 directors and a maximum of 40 directors.

2. To amend the Articles of Incorporation to provide for specific distribution of funds in the event of dissolution of the Corporation.

League sponsoring show for amateur photographers

The Putnam County Art League will sponsor an amateur photograph show which will open January 28 at the Art League Gallery, 515 Anderson Street. This show which is another first for the League will include three classes. These classes will divide the photographs according to the various means by which they have been processed.

Class 1 will be limited to photographs which are taken, developed, and printed by the photographer himself. Class 2 will be composed of those pictures which

have been processed and printed commercially and the third class will be for work done by DePauw students alone. Each of these three classes will then be divided into black and white and color photographs. Black and white 8 x 10 photos must be mounted on 16 x 20 mat or illustration board. Color prints should be 5 x 7 mounted on mat board 11 x 14.

There will be an entry fee of one dollar per entry and the numbers of entries per person will be limited to five. Merchandise awards will be given by local merchants, Coan's, Donelson's and Fleenor's.

Anyone interested in entering must bring their entries to the Gallery, 515 Anderson, between 2:00 - 8:00 p.m. January 26. For further information persons interested in this show should call Mrs. James Houck, show Chairman, or Mrs. Robert Poor, League president. The show will open Sunday, January 28, with a tea from 2:00 to 5:00 p.m. to which the public is invited and at which time the prizes will be awarded.

Attention mail patrons

Postmaster Clair Albin today reminded post office patrons that their walks should be cleared of ice and snow for mail deliveries.

Mail carriers are not required to deliver letters and parcel post to homes and offices if sidewalks and other walks are considered dangerous or inaccessible.

The same applies to rural mail boxes. Approaches to these boxes should be cleared for the autos of the mail carriers.

Annual meeting held at First-Citizens Bank

The First-Citizens Bank and Trust Company held its annual meeting Tuesday morning. President Robert E. Morris reported to stockholders that deposits reached a new high in 1967 and that the year was one of the best in the long history of the bank.

Morris also reported that both outstanding loans and discounts had reached a new all time high. The usual dividend was paid in both July and December with an extra dividend being paid at the close of the year. In his report Morris thanked the stockholders for their interest and help in setting new records and he stated, "It is the desire of the employees and officers of the bank to assist all customers in every possible way, and that it is the bank's desire to furnish the best banking service to the community that is possible." "It is the bank's

intention to provide full service banking of the highest quality to everyone," he commented.

Directors reelected were: Robert E. Crouch, J. W. Earnshaw, Lloyd L. Houck, Glen H. Lyon, Robert E. Morris, Simpson Stoner and Howard Williams.

Immediately after the stockholders meeting the directors held an organization meeting and elected the following officers: Simpson Stoner, chairman; Robert E. Morris, president; Howard Williams, senior vice-president and trust officer; C. N. Phillips, vice president; Gail W. Edwards, vice-president; Walter Frye, Jr., vice-president and cashier; Juanita Murray, assistant cashier; Joyce Gorton, assistant cashier; Steve Deer, assistant cashier; Ronald Joe Ferguson, assistant cashier and assistant trust officer; and Kenneth Best, assistant cashier.

Freezing weather chills vast section of nation

United Press International

Americans, from the snow-blown West to the frozen East were suffering today from some of the coldest weather of the winter.

Tuesday was the coldest day of the season for vast sections of the eastern half of the nation. In the West and Midwest, temperatures eased — only slightly — before heading downward again today under pressure of another Arctic-bred cold front bringing subzero readings to the Dakotas and Minnesota.

The U.S. Weather Bureau today termed it a "rugged winter." After the last

few days, many Americans would call that an understatement.

The toll of weather-related dead, many of them killed in fires traceable to overtaxed heating plants, climbed to at least 60 with possibly as many as 66.

An explosion leveled two adjoining brick homes at Reading, Pa., early today, killing three persons. Six others were missing and feared dead.

Snow fell today from the northern Rockies to New England. The snow was mostly light. New York City, frozen still Tuesday by 1 degree below zero cold, registered a second freezing night as the temperatures hit 5 above. One to

two inches of snow fell in the Northeast. Cold rain, changing at times to ice, drizzle and sleet, slickened roads from northern Georgia to Virginia and in the area surrounding northern Texas and southern Oklahoma.

An 81-year-old temperature mark in Boston tumbled when the mercury slid to 5 below.

In the South, the foul weather made driving hazardous if not outright impossible. Icy roads kept many lawmakers away from the opening session of the 1968 South Carolina legislature and two dozen schools in Cherokee and Pickens counties, Georgia, were closed because heating plants were not up to the task.

PROMOTED — First-Citizens Bank and Trust Company today announced the appointment and promotion of Kenneth Best to assistant cashier at the bank. Best, a life-long resident of Greencastle, has been with the bank since September 1964 serving as a teller. He is a graduate of Greencastle High School and has successfully completed courses given by the American Institute of Banking and has participated in a management seminar sponsored by the American Fletcher National Bank. Best resides at 1403 South Bloomington Street with his wife, Carolyn, and their two-year-old daughter, Kimberly.

Girl's tongue froze to bridge railing

SOUTHBURIDGE, Mass. UPI—Bryndi Reid, 6, was pretty tight-lipped Tuesday about the cold which has plagued New England for the last few days.

She's learned her lesson.

Bryndi was walking to school Monday when she decided to see if it really was a couple of degrees below zero. She stuck out her tongue to touch a frost-coated bridge railing — and the tongue froze there.

Mrs. Carol Vangel, a teacher at Charlton Street School and the girl's mother, who was summoned to the scene, finally loosened Bryndi's tongue by breathing on the railing for more than 10 minutes to warm it.

The girl was treated at Harrington Memorial Hospital and released. Officials said she was more frightened than hurt.

The Reids live on Snow Street.

Lodge to install officers

Temple Lodge No. 47, F.&A.M., will install the newly elected officers at the Greencastle Masonic Temple this Saturday, January 13, at 7 p.m.

The installing team will be composed of John W. Schmitt, Installing Master; Ralph Croushore, Installing Chaplain; Roy Stewart, Installing Marshal, and Frank Dicks, Installing Secretary.

The 1968 officers to be installed are: Earl M. Poynter — Worshipful Master; Frank E. Nagley — Senior Warden; Paul Murphy — Junior Warden; Norman W. Peabody — Treasurer; Dale E. Shoup — Secretary; Leo C. Wilson — Senior Deacon.

Artillery fire hurls back Cong at command post

By EUGENE V. RISHER

SAIGON UPI—About 500 Viet Cong stormed into a U.S. command post near Saigon today and the American defenders hurled them back with almost point blank artillery fire that killed at least 66 Communists, military spokesmen said.

The guerrillas broke through the outer defense line before the U.S. troops could lower their artillery gun barrels.

Surveyor 7 sends back excellent pictures after soft moon landing

PASADENA, Calif. UPI—Surveyor 7, the 28th and last of America's unmanned moon probes, today transmitted "excellent quality" pictures of the lunar surface—a triumphant finale to a three-year pathfinding project to put U.S. astronauts on the moon late next year.

"The quality of the pictures looks excellent," said a spokesman at Jet Propulsion Laboratory (JPL) here. "They are as good as any we've had so far in the Surveyor series."

Surveyor 7 was given only a 40 per cent chance of surviving the landing in the rugged Tycho crater region of the moon, and one of the first pictures taken by the spacecraft showed how narrowly it had escaped destruction.

One of Surveyor 7's three footpads came to rest against an eight-inch rock when it landed on the moon at 8:05 p.m. EST Tuesday. If the spacecraft had landed on top of the rock it could have toppled on its side. Another larger rock

in the immediate area could have completely wrecked the delicate craft.

When Surveyor was 1,000 miles above the lunar surface, JPL controllers began the terminal sequence which slowed the craft from 6,100 miles an hour to 3½ m.p.h. The vernier engines were shut off when the craft was 13 feet above the surface, allowing it to free-fall the rest of the way.

Lee R. Scherer of the National Aeronautics and Space Administration said, "We were very gratified to see the rock just adjacent to the footpad. During the first 244,000 miles from earth, Surveyor 7 was controlled by JPL... the last 13 feet were controlled by divine guidance."

The craft is perched about 25 miles north of the jagged rim of the Tycho crater, near the lunar south pole. "It landed in a series of rolling hills ranging north and south," said a JPL spokesman.

The six previous Surveyor moon robots had a practical mission—to find out if the lunar surface would support the weight of an Apollo capsule and explore potential landing sites for astronauts. Scientists hope Surveyor 7 can unlock the secrets of how the moon was formed and developed.

The landing zone is in the midst of debris hurled from the interior of the moon when a meteor formed the Tycho crater several million years ago. By analyzing the rubble, scientists hope to answer some fundamental questions about the birth of the moon.

Surveyor 7 marks the end of an era of unmanned exploration of the moon by American spacecraft. The next American craft to land on the moon will be the 15½ ton Apollo capsule carrying two astronauts in late 1969.

Door locks stolen at Black Lumber

City police were informed at 1 p.m. Tuesday of the theft of four cases of Dexter door locks from the Black Lumber Company, North Indiana Street.

The locks were taken some time between Saturday and Tuesday morning and are valued at \$370.

Officer Bill Masten, who investigated the theft, reported there was no sign of a break-in.

Anyone having any knowledge of this theft is requested to contact the local police, sheriff or state police.

The annual stockholders meeting of the Central National Bank of Greencastle was held Tuesday afternoon.

The bank reported a 22.7 per cent gain in resources over the previous year. Dale Teaford, President, pointed out that 1967 was a peak year in the growth of the bank's deposits. It was an outstanding year for the bank's Trust Department which showed an increase of \$3,000,000.

The following Directors were elected to the bank's board:

Woodson A. Darnall, Dr. D. W. Killinger, Fred L. O'Hair, Robert H. O'Hair, Dale K. Teaford, Kenneth West, Harry D. Moore.

Ernest H. Collins is leaving the board. Mr. Collins has served on the Board of Directors for 19 years. Fred O'Hair and

Twin develops fever

JOHANNESBURG UPI — Catherine O'Hare, one of the three-month old Siamese twins surgeons separated Saturday, has developed a temperature of 100 degrees, doctors said today.

"Tests and investigations have been undertaken to determine the cause of this temperature and treatment will be instituted accordingly," said Dr. Ruth Drubin, assistant superintendent of Johannesburg Children's Hospital.

Maynard O. Tuttle — Junior Deacon; Joseph I. Allee — Chaplain; Richard J. Hoskins — Senior Steward; Harry D. Jones — Junior Steward; Cloyd Trisler — Tyler.

Also elected were John W. Schmitt, Trustee, and Paul Murphy, Temple Board.

All Master Masons and their families and friends are invited to attend.

Refreshments will be served after the Installation at a reception to honor the new officers in the dining room.

The Lodge will be opened at 6:30 p.m. then recessed for the Installation to begin at 7 p.m.

their fourth in five days against military posts guarding Saigon, along with attacks against a key U.S. airbase in the Central Highlands and drives against South Vietnamese headquarters near the capital and in the Mekong Delta.

The Communists pressed their new year's attacks, apparently seeking somehow to halt the rising tide of allied military mastery and gain a propaganda victory. But they have suffered more than 3,000 men killed since Jan. 1 in the fighting, according to military reports.

Today the Viet Cong legions drove at the command post of the U.S. Army 25th Infantry Division's 1st Battalion, 24 miles northwest of Saigon. U.S. spokesmen said five Americans were killed and 28 wounded in the five-hour battle.

More Viet Cong units lobbed mortar shells into a nearby provincial capital, hitting the jail, a South Vietnamese military headquarters and houses. Government spokesmen reported a civilian killed and 68 others, including 47 prison inmates, wounded.

At Kontum City, a U.S. bastion in the Central Highlands guerrillas swarmed on the American airfield, planted satchels filled with explosives next to planes and tried to shoot their way out. American spokesmen reported seven Americans killed, 25 wounded and "moderate" damage to aircraft. GI defenders killed at least 11 guerrillas.

Congress to hear LBJ at joint night session

WASHINGTON UPI—President Johnson will address the reconvened 90th Congress on the State of the Union next week at a night joint session.

The lawmakers are hoping that Johnson won't talk quite as long as he did last Jan. 10 when his remarks ran an hour and 9 minutes, a modern day record for such events.

As of today, Johnson and congressional leaders had not formally agreed on a day for the State of the Union address, although there was a general understanding it would come not later than Wednesday, Jan. 17.

The address will be televised and broadcast on radio live.

The hour — 9 p.m. EST — already has been set in accordance with a practice begun by Johnson on Jan. 4, 1965, when

he addressed the first joint session of the 89th Congress. Previously except for one night joint session to hear President Franklin D. Roosevelt in 1936, Presidents had favored midday State of the Union addresses.

Johnson goes on the theory that major presidential addresses are for the benefit of the public, not just Congress, and that more people are free to watch television at night.

The 90th Congress begins its second session Monday. Except for hearing the President's views and proposals, it is not expected to transact much business the first week, despite its leaders' appeals for fast action this time and an early adjournment — maybe by Aug. 1, before the two national party conventions.

Complications claim fifth heart transplant patient

NEW YORK UPI — Louis Block, a retired city fire lieutenant who became the world's fifth heart transplant recipient, died today of complications seven and one-half hours after surgery.

Physicians said Block died because the heart of the frail, 29-year-old woman donor was too small to pump enough blood to keep alive his vital organs. They also said Block's lungs had deteriorated because of the long history of heart illness.

Indications that the patient could not survive the eight hour surgery, longest of any heart transplant patient, came shortly after midnight.

A hospital bulletin said Block had "taken a turn for the worse" and doc-

tors could not keep his blood pressure from falling.

Announcement of Block's death was made by the hospital just after 6 a.m. EST. The 57-year-old patient died at 4:35 a.m.

"We feel that the major problem in this case was related to the pumping capacity of the transplanted heart and the poor condition of the lungs due to the patient's long standing heart disease," the official statement said.

"It was a valiant and valuable effort by the medical team. Much was learned from this experience, and we still hold out great hope for this procedure in patients with severe heart disease."

Miss Helen Krouch, 29, of East Paterson, N. J., was the donor. She succumbed Tuesday to a brain tumor.

The blow was hard, the shock severe

We never realized death was so near

Only those who have lost can tell

The pain of parting without farewell

You can only have one mother, patient, kind and true

No other friend in all the world will be as true to you

For all her loving kindness she asks nothing in return

If all the world deserts you To your mother you can turn

So, all we can do, Dear Mother, Is go and tend your grave,

And leave behind a token of love

To the best mother God ever made.

Dear Heloise:

I am a saleswoman.

The other day I sold a lady six pairs of men's nylon replacement pockets. I remarked that she was going to do a lot of repair work.

Much to my surprise she said they were for her own dresses and slacks that didn't have pockets!

By opening the side seams, she sews in the pockets. Since these pockets are thin they do not alter the appearance of the dress or slacks.

I tried it on a pair of old slacks and it really worked. So nice to have a pocket in which to keep cigarettes, lighter, or what have you.

Dear Heloise:

The price of new shades for my 40" wide windows was too much for the budget right now.

However, since the rollers and sticks on the old shades were still good and my windows not real long, I bought plastic upholstery material—the 54" width—and cut it crosswise to fit the rollers.

Now I have new blinds all over the house for half the price of ready-made ones and in colors I like. I just put hems in the

bottom to accommodate the lower stick (lengthen the stitch on the sewing machine and it stitches in beautifully) and I stapled the top to the roller.

Panther attacks model

MANCHESTER, England UPI — Doctors today treated a pretty model for severe facial cuts caused by a black panther that mauled her during a circus photography session.

The girl, Drusilla Robinson, was posing inside a cage containing three panthers and five leopards when one of the panthers suddenly lunged at her.

Animal trainer Dick Chipperfield pulled the cat from the screaming model while other circus employees rushed into the cage and kept the rest of the animals away.

A hospital spokesman said the injuries were mainly facial and that Miss Robinson would undergo injections to protect her from rabies and infection.

DUNK SHOT—Connie Hawkins, 6-8 Pittsburgh Piper star and player on the East's all-star squad at Hinkle last night, was left alone just long enough to stuff this shot. The dunk as been out-lawed in high school and college ball, but the ABA boys still exercise the manly art.

Cloverdale captures 50th in a row

Cloverdale's Clovers clinched their fiftieth consecutive regular season win last night with a ragged but hearty victory over rival Eminence, 83-70, in their first contest of the new year.

They hadn't seen any previous action since December 15 when they panted Needmore for the ninth straight win of the present campaign, but they had little trouble knocking off the

Eels for the second time this season. They thumped Eminence 88-75 in their opener.

Big 6-4 center Rick Ford, who averages 30 points plus per game, put through only 18 markers while opponent Kent Cooper of Eminence let go with 21 points for game high honors. Ford collected 34 against Cooper in the first game.

The Clovers jumped into a 18-8 first period lead and bettered

it by out-scoring their host 25-20 the second period and 26-22 the third. Eminence rallied and pumped in 20 points during the final period while the Clovers managed only 14, but the damage had already been done.

Ford's 18 points were followed by McCullough and Neese who tabulated 17 each, and Staley's 14. Ron Barker scored 11 for the Clover team. Cooper's 21 was high, Murrell

and Dearlove had 14 each, and Brown scored 10 for Eminence.

The Clovers are slated to play Rosedale Friday night and then meet Staunton at Brazil Saturday night.

NEW YORK UPI—Southpaw Dave Davis, of Phoenix, Ariz., has been named bowler of the year for 1967 and Mike Durbin of Costa Mesa, Calif., has been chosen pro bowling's rookie of the year. Davis was the leading money winner on the PBA circuit last year, amassing \$54,165 in official earnings.

East all-stars trim West team; Larry Brown picked game's MVP

By FRANK PUCKETT, JR., Banner Sports Editor

The East broke open a tight match last night in the final three minutes and beat the West 126-120 in the first American Basketball Association All-Star game before 10,872 fans at Hinkle Fieldhouse and New Orleans player Larry Brown was voted as the game's Most Valuable Player.

The nationally televised contest, with the exception of Indiana, drew the largest crowd ever to see an ABA game in Indianapolis and the stars put on a real show. Brown, the smallest man in the ABA at 5-9, beat out former Indianapolis Southport star Louie Dampier of Kentucky and high scoring Don Freeman of Minnesota for the coveted honor. Brown hit 7 of 9 from the field, two of them three point buckets, 2 of 2 from the free throw line, and chalked up ten assists.

The two star-studded teams battled it out all the way and exchanged leads throughout the contest until Randy Mahaffey of Kentucky sank a free throw with 3:32 left to bring the East into a 112-112 tie. Then Mel Daniels, 6-9 Minnesota center, tapped in a rebound to give the East the lead for good at

114-112 with 3:10 showing on the clock.

Daniels came back and hit a lay-up after Connie Hawkins, 6-8 Pittsburgh star, netted a free throw and the East led 117-115. The East moved into its biggest spread of the night, 124-115, as Don Freeman of Minnesota and Louie Dampier of Kentucky canned two quick fielders.

Daniels topped the East scoring attack with 22 points while Freeman, a 6-3 graduate of the University of Illinois, was close behind with 20. Dampier got 18 and two Indiana Pacers, 6-5 Roger Brown and 6-8 Bob Netolicky, each added 12.

Brown and Doug Moe of New Orleans each scored 17 for the West while Larry Jones of Denver added 14, Lavern Tart of Oakland 13, Houston's Art Becker had 11, and James Jones of New Orleans and Cliff Hagan of Dallas totaled 10 points each.

The first quarter closed with the East squad in command, 30-29, and the second quarter was almost a repeat as Houston's 6-8½ Art Becker nulled James Jones jumper with a lay-up in the last 3 seconds and the half ended 60-59. The third period ended 92-91 in favor of the east.

All twenty-four of the celebrated all-stars tabulated at least one bucket. The three Indiana Pacers players, Roger Brown, Bob Netolicky, and Freddie Lewis, scored 12, 12, and 6 points respectively.

Roosevelt and North pace preps

United Press International
Unbeaten East Chicago Roosevelt and once-beaten state champ Evansville North paced the Indiana high school basketball elite Tuesday night. Third-ranked Roosevelt became the winningest major quintet, handing Munster an 87-72 lesson and its 13th victory of the season. North, No. 6 in the state, rolled over Evansville Bosse, 81-50, for its 10th win in 11 starts. Upset-minded Munster gave Roosevelt quite a battle in the first half, leading 20-17 at the first stop and trailing by only four points at the half, 38-34.

Mount's 40 paces Boilermakers in solid rout of Wisconsin

United Press International
Footsore Rick Mount is showing his heels to Big Ten opponents.

Mount, the sensational sophomore expected to deliver Purdue to the promised land of its first NCAA tournament, has been handicapped throughout the first half of the season by a broken bone in his left foot.

Despite that slight problem, however, Mount has managed to get off on the right foot in his varsity career and Tuesday night he staged his finest performance to date, scoring 40 points as the Boilermakers routed a solid Wisconsin team 99-79 to even their conference mark at 1-1.

Mount had been expected to challenge Calvin Murphy of Niagara and Pete Maravich of Louisiana State for top sophomore honors in pre-season estimates but he missed a month of practice after breaking the bone on Oct. 27 and has had to wear a steel insole in his sneaker for support.

Mount has averaged in the neighborhood of 26 points per game, quite respectable al-

though hardly in the class of Maravich and Murphy.

Mount scored 24 points in the first half as Purdue, now 6-5 overall, unleashed a blistering fast break for a 52-33 lead over the potent Badgers, who suffered their first conference loss. He connected on all eight of his free throw attempts to continue among the nation's leaders in that department.

Indiana, the conference favorite, ran its Big Ten mark to 2-0 by squeezing out a 61-60 victory over Illinois. In other big games on a sparse national schedule, Kansas State whipped Nebraska 78-62, Duke dubbed Clemson 101-79 and LaSalle bombed Loyola (La.) 71-51.

Senior guard Vern Payne dropped in a shot with 28 seconds remaining in overtime to boost Indiana past Illinois and Rich Joyner preserved the triumph with a steal in the final two seconds.

Flavor Saver

An "off" flavor in coffee isn't necessarily the fault of the particular brand you're using. Often these flavors are a result of improper cleaning of the coffee pot.

Screwy Suggestion

If screws become loose in woodwork, remove them, dip them in glue and replace them into the same holes. They'll hold tight as new.

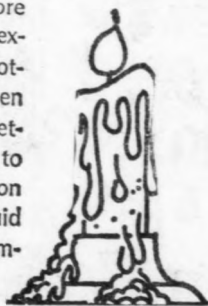

If it weren't for credit cards, a lot of animals would be wearing their own furs this winter.

Lock Out Cold Winds

If winter winds cause drafts in your home and you're aware of uncomfortable cold spots around the house, the solution may be a change in your heating system. You'd be surprised how easily your home can be converted to comfortable, modern electric heat, and the cost is lots lower than you'd imagine, too. Get in touch with the folks at Public Service Indiana and find out how easy it is to enjoy the real comfort you've been missing all these years.

Drip Tip

If holiday candles left paraffin drippings on your good tablecloths, follow these simple steps before laundering. Scrape off the excess wax, press between blotters with a warm iron and then sponge lightly with carbon tetrachloride. It's a good idea to provide adequate ventilation as this particular cleaning fluid has harmful, though nonflammable, vapors.

Sure Beats Licking

If you get tired of sticking trading stamps in the book, here's an easy shortcut. Dampen the page with a wet cloth and simply lay the dry stamps in place... works like a charm!

Cublets win two against Pointers

The Tiger Cublets marked up two more wins to their already hearty victory slates Monday night when they defeated Bainbridge's eighth grade and freshman basketball teams in the uptown gymnasium.

The eighth graders battled back from a trailing 17-21 half-time score and out-did the Pointers 20-2 in the third quarter. They went ahead and matched buckets, 8-8, the final period and ended the contest with a 45-31 edge. The win was the eighth consecutive victory against no losses for the Cublets who play Spencer in the uptown gym January 22. Scott, Ross, and F. Thomas were the high scorers for Greencastle with 14, 11, and 10 points respectively. Tillotson got 11 for the Pointers in the game.

The freshmen had a little easier time winning their game as they jumped into a 11-5 first quarter lead, increased it to 24-11 at the half, 40-22 at the end of the third period and ended the game 51-36.

Loring deposited 12 points in leading the once beaten Cublets while Phillips led Bainbridge with 9 points. The frosh will also play Spencer January 22 in their next home game.

OFF and RUNNING

By Tony D. Manuel General Manager

Mr. and Mrs. Earl Matlock, who have recently moved to Greencastle from Bloomington, will be opening THE HOUSE OF DONUTS located at 312 North Jackson Street (location of the former Hickory Hut). They hope to have their business open by the first of February or sooner if possible. They will specialize in over 25 varieties of donuts. THE DONUT HOUSE will feature a coffee bar and will also have tables and chairs so that you may come in and enjoy your coffee and donuts. Mrs. Matlock informed me that the opening hours will be from 6 a.m. to 10 p.m., with the possibility of them staying open 24 hours a day later on. Mrs. Matlock also gave me her subscription to The Daily Banner and told me she thought Greencastle was an excellent place to start a business. All the people here have been very nice and helpful. We thank them for the compliment about our town and wish them much success in their new business.

I was very surprised to walk into Fleenor's Drug Store yesterday and see Mr. Fleenor back behind the counter. He is able to come to the store for a couple of hours a day now but says it won't be too long before he's back in full swing of things again. I know that everyone is glad to see you looking so well again, Mr. Fleenor.

Hey, Mr. Businessman! Have you checked the rules that go along with the new postal rates. The do's and don'ts, the why's and when's and all the other stuff that goes along with your mailing chores are a little different now (I think). The new postage rate law signed by President Johnson is the most comprehensive revision in postal rates and regulations ever enacted. First of all, it adjusts rates in all categories of mail except parcel post and international mail.

It calls for nonprofit publications to pay a higher postal rate on advertising content than on editorial matter. It takes a step toward the priority mail concept by merging all first-class mail over 13 ounces and all air mail over 7 ounces into a single category which will be delivered by the fastest available means of transportation. Now get this one. It requires that all bills and statements of account be classified as first-class mail. However, the provision requiring first-class postage on all bills does NOT apply to invoices that are enclosed with the merchandise and serve as a request for payment, as long as the invoice relates SOLELY to the contents of the package. A cumulative bill or statement of account may not be enclosed with merchandise without payment for first-class postage. Under a quirk in the old law, when a firm or organization had 20 or more bills or statements of account for identical amounts that had been produced by any photographic or mechanical process other than typing, they could have been mailed at the third-class bulk rate. Oh, we could go on and on, but I'm not too sure that I understand it all. To top it all off, we can't even buy 6c stamps yet. The other day I was behind a lady who wanted to buy quite a few 1c stamps, but they wouldn't sell them to her. They sold her a few, but they just didn't have enough to go around (I guess). Now, we can't blame our local postmen for this, because they ARE trying. Who do we blame? I don't think LBJ will listen to us. Besides I don't have a 6c stamp to write him a letter, and 2 three's look too sloppy.

Such deals are comparatively rare, though, and declarer can nearly always find a way of either guessing correctly or avoiding the guess altogether.

HOLLYWOOD UPI — One of the most exciting concepts in the history of network television news programming was announced Tuesday by NBC.

The network said that in one year, on Jan. 7, 1969, it would start broadcasting commercial television's first, regularly-scheduled, two-hour, prime-time news series on a monthly basis.

"Aggressive journalism" will characterize the series, said William R. McAndrew, president of NBC News.

"We are going to stress investigative reporting," he added, "either of events that have taken place or of the old-fashioned, hard-digging, revelation kind of journalism. And we are going to aim at the uninvolved young of our country—both the young in years and in mind."

The announcement is altogether fascinating for a number of reasons.

To begin with, it is another large step in the elongation of prime time network programming, a trend already marked by the success of movies and lengthy specials.

In addition, it appears, in part, to be one of commercial television's answers to the new "Public Broadcast Laboratory" of national educational video. The laboratory is a weekly two-hour series — live — which attempts to explore news and cultural developments in depth, and also with an investigative eye at times. It covers, in general, a

the Interior again reports that stocks of fish sticks and frozen fish fillets and steaks are again ample in all areas.

Cabbage, onions, and potatoes continue in good supply in all areas. Apples, grapefruit, and oranges are again the leaders as the most abundantly available fruits. Bananas belong in this group in some areas.

NOISE PROHIBITIVE

PARIS UPI —Rep. Lester Wolff, D-N.Y., said Monday that "excessive noise levels" of the supersonic Anglo-French Concorde jet will rule it out for use in the United States unless modifications are made.

Coatesville Community News

Albert Hubble, who suffered a severe heart attack while on a visit with his daughter, Mrs. Bernard Brown of Louisville, Kentucky, December 28, will be brought to the Putnam County Hospital in the Weaver ambulance Sunday, January 7. At present he is a patient in the Louisville Norton Hospital.

Mr. and Mrs. Glen Hanlon attended an annual family dinner at the home of Mr. and Mrs. Ralph Beaman in Fillmore New Year's Day.

Mr. and Mrs. Clyde Leninger of the Canaan neighborhood spent a part of the holiday season in Durham, North Carolina. Reverend Lininger stated that they left home in a down pour of rain but emerged from it when they reached Cincinnati. The driving was good all through the mountain country of the south and they found the North Carolina city a progressive one and Duke University a really wonderful place of learning. On the way back to Indiana they encountered several miles of slushy snow.

Recent callers of Mrs. Opal Harvey were her daughter, Mrs. Eleanor Wheeler of Indianapolis and Mr. and Mrs. Mark McDaniel and family also of the Capital City.

Mrs. Opal Harvey spent Christmas Day with her family at the home of Mr. and Mrs. Donald Galey in Crawfordsville.

Glenn Hanlon was a flu victim last week but has improved enough to be about light duties.

Mr. and Mrs. Burl Craig drove to Florida during the holidays and were guests of Mr. and Richard Davies and family.

New Year's Eve guests of Mr. and Mrs. Maurice Wingler and family were Mr. and Mrs. Jesse Wingler and family, Mr. and Mrs. Ron Lewis and family, Mr. and Mrs. Mike Weilhamer of Indianapolis, Mr. and Mrs. Steve Hudkins and daughter of Jasper, Mr. and Mrs. Don Keller and daughter of Danville, Mr. and Mrs. Carl Weilhamer of Spencer and Terry Keeling.

Mr. and Mrs. Wendell Elrod had a very happy New Year when both sons returned home for several days' stay; Joe from Mansfield, Ohio and Jim from Greencastle. While home, Jim made a trip to Fort Worth, Texas to visit some friends. His father met him in Indianapolis on his return and stated that there were dozens of folks at the airport who had waited for two days for some sons, daughters or relatives to get in from the Rose Bowl.

A few have been asked what resolution, if any, they had made for the coming year. One lady said: "To try making this new year a better one for myself and family than 1967."

Another said: "Resolved to just keep on keeping on."

Still another: "To keep on taking trips to cities and beauty spots of the United States."

A man stated: "Resolved to out live the Vietnam war if possible."

Maybe Yogi Berra's would do for me: "To make no wrong mistakes this year."

Word has come telling of the passing of Homer Bowman of Danville. Homer will be remembered by a few elderly folks

as a pupil years ago at the old Needmore School and later as a high school pupil at New Winchester.

He is recalled as a top student in Hendricks County, a first rate baseball player and wrestler. Homer was near 80 years old.

Our printer, H. H. Hathaway, had to leave his press long enough Friday morning to seek the service of a dentist and have an aching tooth extracted. We haven't asked this neighbor yet "if it hurt."

John Edwards, a farmer of near New Winchester, died Thursday. John was well known in all the communities about New Winchester for he had been a work hand for several years with the Ramsey threshing crew. He was a quiet, unassuming man who tended strictly to his own affairs. He and his wife, when health permitted attended Sunday School and church services at the Coatesville Methodist Church. He leaves the wife, Inez, two brothers in California, three nieces and a nephew.

Services for Mr. Edwards were held Saturday afternoon from the Weaver Funeral Home in Danville and burial was in the South Cemetery.

Cascade's ball tossers were in Greencastle Friday night to romp with the Cubs but found the Putnam team with very sharp claws. The Cadets hoped to take this game and thus start the new year off just right but as the poet said: "The best laid schemes of mice and men go often wrong." The Cubs had little trouble winning the game 88-62.

A bad snowy day Saturday did not hinder farmers from coming to the local elevator with corn. From early morning until late afternoon one big truck after another was lined up at the street side and waiting their turn to unload.

Mr. and Mrs. Glen Hutchins Jr. and daughters, Brenda and Barbara were hosts New Year's Eve to a family supper of chili and oysters soup. Those present were Albert Sechman, Mr. and Mrs. Lee Sechman of Broad Park, Mr. and Mrs. Glen Hutchins Sr. of Stilesville, Mr. and Mrs. Bobbie Sechman, David

and Dawn of Mooresville, Mr. and Mrs. Gerald Lane, Phyllis, Gary, Sandra and Donny, of Indianapolis, Miss Nancy Smith of Belleville and Sam Hutchins of Stilesville.

Not very many people in Coatesville knew Mr. and Mrs. Charles Rady. Those who did know this gentleman and wife have long had a deep regard for them and it was with deep and sincere regret that these friends learned of Mrs. Rady's passing.

During these extremely cold days and nights, the land all about snow covered, are you providing any food for the birds? One can purchase seed at the grocery or can get fine or coarse cracked corn at the elevator, a good big sack of it for a quarter. A few handfuls a day under bushes will prove a treat for many kinds of birds that without your aid could perish of cold and lack of food. You will enjoy seeing the birds at their meal.

This extreme cold weather brings to mind winters of years ago when I was teaching and school children were brought from rural districts in horse drawn buses. Many were the mornings when a half dozen little folks came stumbling into the school building with half frozen hands and feet and crying as if half killed. Many a morning the good old janitor and I took from one to half dozen kiddies to the basement and thawed out hands and feet and felt sorry for them as they sat and wept. I recall two boys from a very poor family who shed their near worn out shoes one bitter morning and this was the kind of sox these boys were wearing. Their mother had cut the feet off some of her cast off hose and the boys pulled them on with enough of the leg turned under the foot to resemble sox.

These boys and girls and myself lived through it all but the going was tough to say the least.

Bee or wasp stings cause about 80 deaths in the United States each year.

Peace candidate McCarthy plans warm-up tour

Peace candidate Eugene S. McCarthy, his campaign for the Democratic presidential nomination chilled by indifferent party professionals and a cold shoulder from Bobby Kennedy, prepared today to warm up with a swing through some of California's pacifist university centers.

At the end of a trying day Monday, the Minnesota senator announced he would leave Washington Thursday on a six-day campaign tour of California, to include speeches at Stanford

University and the University of Southern California. He plans to run in the state's June 4 primary.

McCarthy earlier received disappointing news that Sen. Robert F. Kennedy, D-N.Y., does not at this point plan to endorse him, although their views on Vietnam are the same. Kennedy told a Manhattan community college audience in New York that "my judgment is at the moment that I don't further the cause" of peace by supporting McCarthy.

But he still believes McCarthy's peace candidacy is "healthy for the party," Kennedy said, adding he also remained prepared to support whoever the party nominates in August. Presumably that will be President Johnson, and new public opinion polls indicate his popularity has surged upwards since three months ago.

Pollster Louis Harris reported a canvass completed Dec. 21 showed Johnson had pulled even with New York Gov. Nelson A. Rockefeller and is ahead of

former Vice President Richard M. Nixon, Michigan Gov. George Romney and California Gov. Ronald Reagan.

All four of the Republican presidential prospects ran ahead of Johnson in Harris' October poll.

The new sampling shows Johnson trying Rockefeller 43 to 43 per cent, with 14 per cent undecided. Against Nixon, Johnson leads 50 to 41 per cent, against Romney, 49 to 36 per cent, and against Reagan, 51 to 37 per cent.
